Hello.

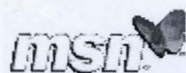

Thank you so much for a very interesting interview!

I looked up Gardner "incest" and "death". Am still looking for death but attached is what I found on incest and a good case. (NO DATE!!)

You have inspired me to make one of my seminar weeks (I teach Seminar in Forensic Psychology) devoted to "experts." I am going to use the file attached, plus some book excerpts, and use Gardner as one of my "experts" for that week. Thank you!

Yours,

MAH
