Re: Trial of the 21st Century

Dear Lisa:

The Family Court Trial of the 21st Century was an effort by the section to actively promote change in our family courts. This work was a start in important changes that the Supreme Court and Legislature are now working on. We are now better prepared to assist in that process. This was only possible as a result of the participation of our members, like you.

Thank you very much for your participation in the Family Court Trial of the 21st Century. Your role in making it a success is greatly appreciated and I hope we will work on new projects in the future.

Best Personal Regards and Thanks,

Norman D. Levin
Chair
